

Mosyle Mobile Manager

How **teachers** and **students** download apps from Mosyle Mobile Manager onto an iPad using district-approved apps.

Step 1: Open the Mosyle Manager app

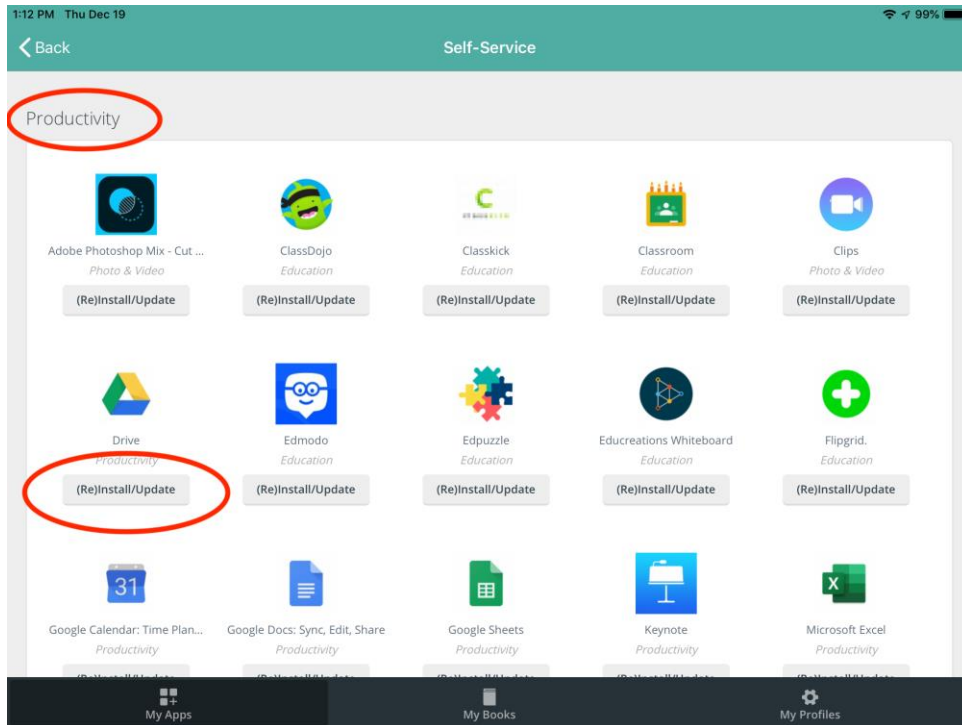

Step 2: Select “Self-Service”

Step 3: Find your app and install

(example: Google apps are under the “Productivity” category)

Once you have selected your app of choice, the app will automatically start to download on your device (teacher or student).
