

Logging in to Clever

Students can access Clever through their district-issued iPad, as well as other Internet-connected devices.

iPad Access: Students access Clever through an app using their login credentials (user name is their student I.D. and their password starts with the first few letters of their last name, followed by a set of numbers). If you are using a district-issued iPad, skip down to **STEP ONE**.

Home Device Access: Students access Clever through a link on the Santee School District Webpage. To do this, they first go to www.santeesd.net, select “Student Resources,” and then click on “Clever Learning Portal.” From there, your child uses his/her login credentials to access the program.

STEP ONE: Once you are logged into Clever, select the Savvas (formerly Pearson) EasyBridge app (the list of apps you see in your child’s screen may not match those in the screenshot below).
