

**STUDENT SUCCESS TEAMS**

**Team Membership**

Members of individual student success teams (SST) may include:

The principal or designee

One or more of the student's classroom teachers or former teachers

The student's parents/guardians

The student if appropriate

School Counselor(s)

Resource personnel or specialists, such as a school psychologist, nurse, outreach consultant, special education resource person, department chairperson, speech and language specialist, reading specialist, social worker, probation officer, community resource representative, mental health worker, and/or other person(s) relevant to the student's situation, as determined by the district

The makeup of each individual SST is at the district's discretion, and may not include participation from individuals in each of the categories listed above.

**Team Responsibilities**

The principal or designee shall:

Schedule meetings and establish meeting procedures

Contact parents/guardians and other team members regarding team meetings

Consult with appropriate school staff, including teachers and/or district resource personnel

Arrange for observation of the student as needed

Collect any additional background information necessary to inform team members about the student's strengths and needs, such as relevant student data, educational history, and work samples, as appropriate.

Help the student and parents/guardians prepare for the meeting

Facilitate the team meetings

**STUDENT SUCCESS TEAMS**

Develop a plan to support the student which incorporates intervention strategies

Ensure that the student's progress is monitored, that follow-up meetings are regularly scheduled, and that adjustments are made to the plan and related interventions as necessary
