

SUMMER SCHOOL

The Governing Board recognizes that summer school provides valuable opportunities for students to improve their skills and make academic progress. When the need is demonstrated and funds are available, the Superintendent or designee, with Board approval, shall establish summer school day and/or evening classes for purposes of remediation, enrichment, and/or acceleration.

The district's summer school program may be used to provide supplemental instruction for students failing to meet academic requirements and/or students who desire enrichment in core academic subjects in accordance with law, Board policy, and administrative regulation.

Enrollment Priorities

Priority to enroll in summer programs shall be given to district students who are eligible for supplemental instruction on the basis of retention or recommendation for retention pursuant to Education Code 37252.2

The remaining openings shall be offered to district students on a first-come first-served basis.

Rotation of School Sites

Sites for summer school programs may be rotated in an effort to make summer school programs more accessible to all students, regardless of residence or regular attendance area, and to equalize long-term facility and maintenance needs.
