

All About Miss McMahon

My name is Miss McMahon and I cannot wait to be your child's teacher. My goal this year is help your child develop into a life-long learner through interactive, fun activities. I am so excited to see your child reach their full potential this year.

I am originally from Riverside, Illinois, but after attending college at the University of San Diego, I have easily found a home for myself here. San Diego is a wonderful place with so much to offer.

I am so lucky to live in such an amazing place while doing something that I truly love! As an elementary school student, I had SO many influential teachers who each made a huge impact on my life, and I will do all that I can to have that same effect on my students.
